

New debit card regulations are scheduled to go into effect on July 21, 2011. While these new rules will have a negative impact on all of us as consumers, the opposite is true for large retailers and oil companies – they’ll pocket the savings.

Tell Congress to:

## **STOP**

the new debit card interchange rules.

## **STUDY**

the impact that these rules will have on you as a credit union member.

## **START OVER**

with legislation that takes *all factors* into account, especially *your* bottom line.

Here’s what you can do.

1. Call our federal legislators today at 1-877-422-3525 (toll free), and tell them to **STOP, STUDY, and START OVER.**

2. Send letters to our U.S. Senators and Representatives that them to **STOP, STUDY, and START OVER.** For prewritten letters that you can personalize, go to <http://capwiz.com/cuna/home>.
